Notice

Dear Applicants,

based on the low number of admitted applicants and a report from the Ministry of Interior of the Czech Republic regarding the possibility of obtaining a VISA to enter the Czech Republic for admitted applicants to the bachelor's degree study program Informatics and Systems Engineering, specialization Informatics in Public Administration, **I have decided that this study program will not be open in the academic year 2023/2024.**

The decision was made in accordance with the Act on Higher Education and on Amendments and Supplements to Other Acts No. 111/1998 Coll., specifically § 24, paragraph 2, letter a).

We are issuing this statement in advance to save you the additional financial costs associated with VISA requirements, airfare, etc.

We believe that in the future there will be a better situation and we will be able to welcome you in Pardubice.

Best Regards,
