"
Myself from 2012 could not have imagined just how much I could have developed here at NonStop. I've lived and worked in Switzerland, the Czech Republic and the UK and I now manage a successful team. Don't let politics dictate your career, come to a place that has true meritocracy.

NonStop Pharma Team Leader

"
I have always wanted to work in a company that could offer me a genuine challenge, great career progression and, of course, a whole load of fun… Welcome to NonStop!

Sandra Ntomp, NonStop Chemical Consultant

"
The training and career progression potential offered by NonStop helped me to develop so quickly that I am now responsible for an office of 150 people in Prague. I also have a realistic target in place which I should achieve in the next 5-10 years that will see me able to step away from work and focus on other things in life. It has completely changed my definition of 'a career'.
